Due date for applications: May 3, 2021

Hello:

Please accept this message as an invitation to participate as an **Exhibitor** at our upcoming **2021 Virtual OCEA Spring Conference, *Pathways to Resiliency: Challenge and Change* on May 10, 2021.**

Cooperative Education and other forms of Experiential Learning teachers from across the province of Ontario work with youth to prepare them for the workforce, to be ready for challenges the future may bring, to remember their communities, and to become good community members. It is a tall order, and one that the Co-op and other forms of Experiential Learning teachers and OCEA take very seriously. To help us accomplish this goal, we make sure that our own skills and knowledge are regularly upgraded. To this end, OCEA hosts a yearly conference for our teachers to ensure that we offer the best know-how and methods to the workforce of tomorrow.

This important event will bring together over 300 secondary school Co-op and other forms of Experiential Learning teachers / educators from across Ontario for professional development and the sharing of best practices. Companies, organizations, and employers will also be invited to participate in our virtual event.

We hope that you will support our **2021 Virtual OCEA Spring Conference** as an **Exhibitor**. Your participation will be exclusively advertised within all our media – including but not limited to – visuals recognizing our exhibitors during the conference, and acknowledgement on our website. Most importantly, this participation will highlight your commitment to professional development for the educators who are involved with helping students achieve success.

We are looking forward to your participation as an **Exhibitor** at our **2021 Virtual OCEA Spring Conference**. We know that your experience with us will be a rewarding one. If you wish to participate as an **Exhibitor** at our event, please complete the online [Exhibitor's Application Form](#) by **May 3, 2021** via Google.

Please feel free to contact me, at any time, should you wish to discuss the various **Sponsorship** opportunities for our event as well.

Sincerely,

Carol Madsen

The Ontario Cooperative Education Association (OCEA) is a not-for-profit professional organization of Ontario's secondary school educators who are involved in Cooperative Education and other forms of Experiential Learning. We strive to provide the leadership and vision needed for the professional development of our members. One of the main goals of our Association is to develop and facilitate access to information, resources, and other supports relevant to our members as they deliver workplace learning programs for secondary school students.
